The only disadvantage about this tech notebook is its gaming capabilities. It lacks a strong gaming performance. But if you are however looking for a well featured multimedia and digital system that is the best, the Qosmio G35-AV600 is your best choice.

Although this laptop is quite a heavy notebook, with a dimension of 16 inches width, 11.5 inches depth, and 2 inches thick, with a weight of 10.2 pounds or a little bit more with its AC adaptor. The set of multimedia features includes a volume and audio control system, microphone and headphone connector, S/PDIF connector, some video connections (which include a S-Video input/output, VGA, and a TV signal connector), 4 USB ports, and a 4-pin FireWire port.

Its network connections are 10/100/1000 Ethernet, Bluetooth, Intel 802.11abg WLAN, and a V.92 modem.

Lastly, it has two cards slots, one for a PC card and one for an Express Card, and a five-in-one card reader.
